Please be advised that your account balance confirmation as at December 31, 2015 will be sent to your mailing address.

Certificate for the auditor: useful information

In view of the coming end of year and the requirement to submit annual financial statements, including audit certificates for bank accounts with Bank Handlowy w Warszawie S.A., we would like to give you some information on the scope of such certificates:

A standard audit includes information on balances of all bank accounts of a Client. The certificate is issued within 3 business days. The fee for issuing the standard audit certificate is PLN 200 pursuant to the Tariff of Fees and Commissions.

A non-standard audit provides answers to all questions of the auditor included in the audit request. The certificate is issued within 5 business days. The fee for issuing the non-standard audit certificate is PLN 1,000 pursuant to the Tariff of Fees and Commissions.

Certificates will be issued on the basis of previous years’ preferences, i.e. if you previously requested a non-standard audit, you will receive a non-standard audit certificate in 2016. If the certificate is issued for the first time, you will be asked to specify the scope of the response to the auditor; you can also make a note in the request which form of certificate you prefer.

Please note that the Bank may send the certificate to the auditor only if the auditor’s request is signed by representatives of the Company authorized as per the company register (KRS) or pursuant to appropriate authorizations. For auditor requests signed by representatives specified in the Signature Specimen Book, certificates will only be sent to the Client’s registered address.
