With regard to the information about the entry into force on 7 November 2016 of the new Table of Fees and Commissions (11th issue of the Citiservice News), we would like to give notice that, due to the fact that the Bank promotes communication and exchange of correspondence by electronic means, within the range of Commerce Service products (letter of credit, guarantee and collection), new fees were introduced for advising a guarantee/letter of credit/collection and their amendments in written form as well as for accepting a collection order in written form. A new fee is also the arrangement fee for a framework agreement for revolving credit concerning guarantees or letters of credit. Fees for submission of an Application/Order concerning letters of credit, guarantees and collections as well as for additional provision of notifications and correspondence in written form by the Bank (in addition to the electronic versions) were raised. We want to remind you that an alternative to advising Applications/Orders/correspondence in writing, which will not generate on your part any costs associated with changes in the Table of Fees and Commissions introduced by the Bank, is to send them in electronic version, i.e. through the Citi Trade Portal.

We encourage you to contact an Advisor in order to implement the Citi Trade Portal.
Below, you will find days in December 2016 on which orders will be completed on the next working day due to the currency holiday (i.e. public holiday in a given country).
