New forms: application to open sub-account and Specimen Signature Card

Please be informed/reminded that changes were made in two forms related to the current account handling:

1. Application to open sub-account
   • Now you can open a sub-account and set authorisation for Electronic Banking with a single application.

2. Specimen Signature Card
   • At the end of the Card, we added space for those who approve the Specimen Signature Card where they can place their own signature specimen with no need to authorise themselves on the front page of the Card.
   • In connection with the entry into force of the Act of November 24 2017 on the change of some acts in order to counteract the use of the financial sector to tax fraud (the so-called STIR Act), it was necessary to add a field - „Country of birth”.

You can obtain the new forms from your CitiService Consultant or Banking Consultant.

The current forms will remain in force until 31 March 2018. After this date, only new forms will be accepted.

We hope that you will find the implemented changes even more convenient.
